OUR COMPANY

OUR TEAM

Our workforce has been selected based on their high skill levels, attention to detail and their industry experience. We truly value our staff and continuously invest in their personal growth.

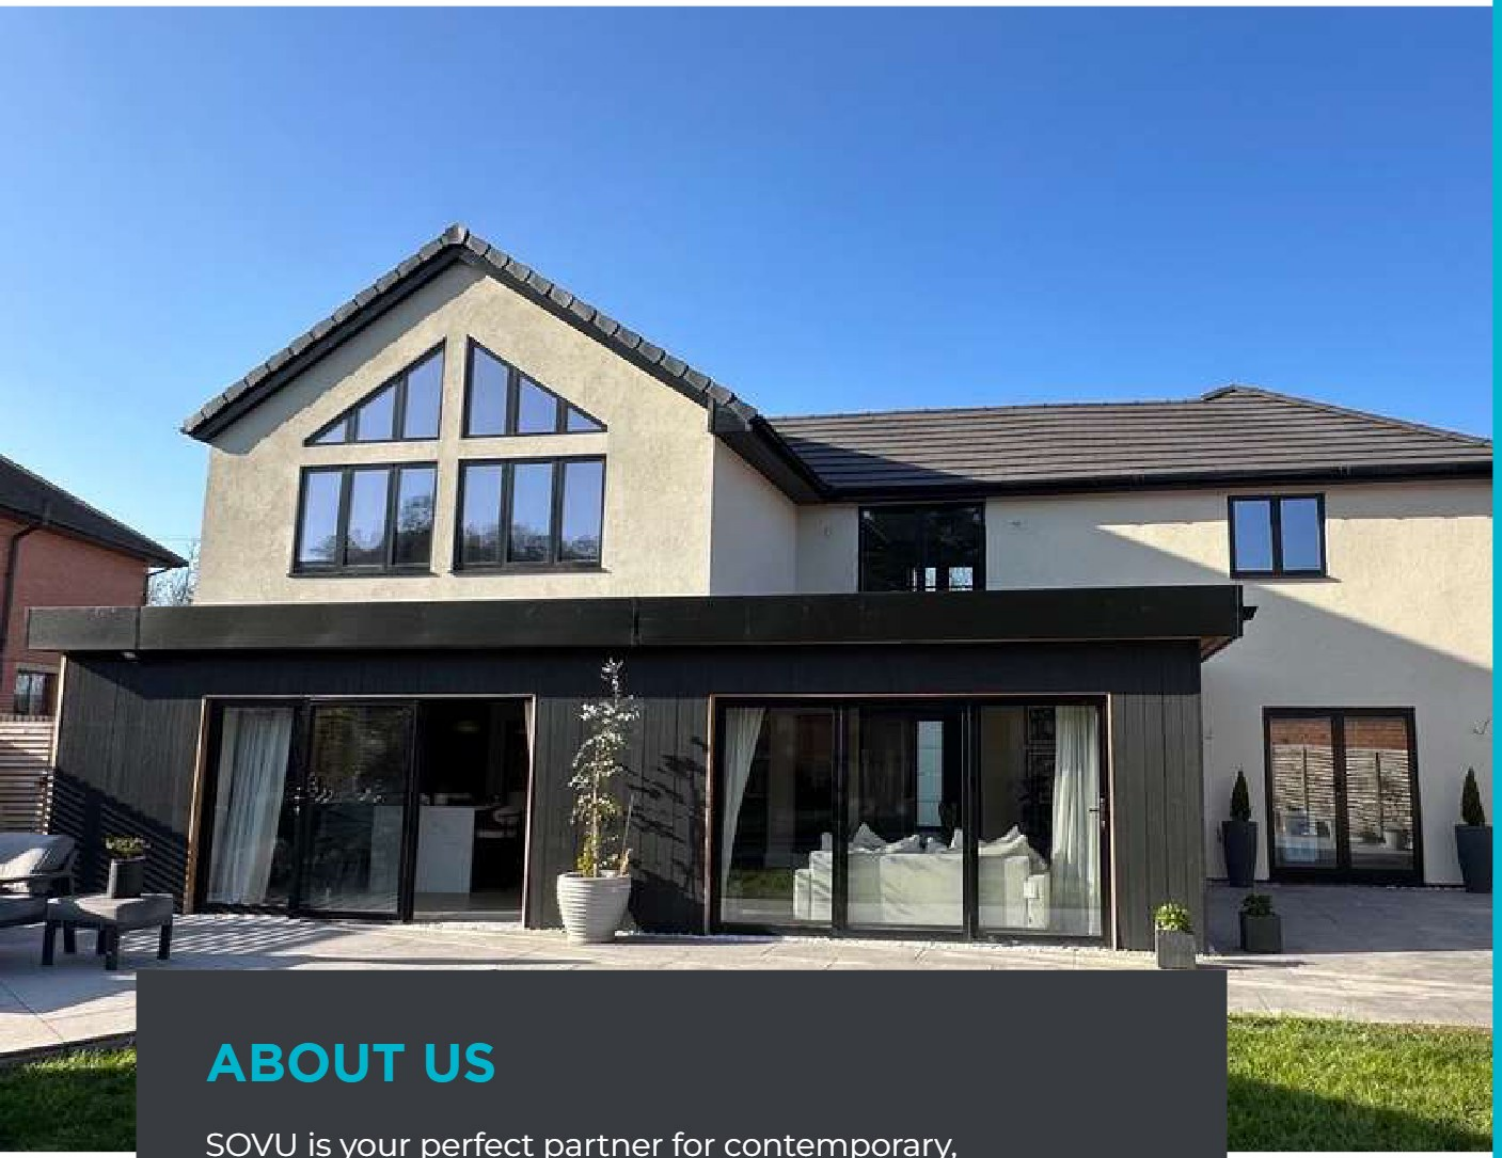

OUR PRODUCTS

Discover unparalleled craftsmanship with SOVU. Our doors and windows boast the highest standards of durability, style and energy efficiency, manufactured here in the UK.

OUR FACTORY

Our large, streamlined factory allows us to manufacture multiple products of high quality, all with a fast turnaround time. Every product is made to measure and delivered across mainland UK, ready for you or your builder to fit.

ABOUT US

SOVU is your perfect partner for contemporary, thermally-efficient doors, windows & roof glazing solutions. All British-made in our Yorkshire factories.

SLEEK & MODERN

Shaped Frames

Aluminum shaped frames offer a modern aesthetic with their sleek profiles and versatility. Our shaped frames are lightweight yet durable, ensuring longevity and easy maintenance. Their slimline profile is designed to perfectly match our modern aluminium bifold doors.

Transoms

Add transoms to your design to achieve the popular modern industrial look with your doors. Each pane of glass is cased in its own aluminium frame for an appealing visual effect and timeless style, available in a range of unique colours and configuration options.

Astragal Bars

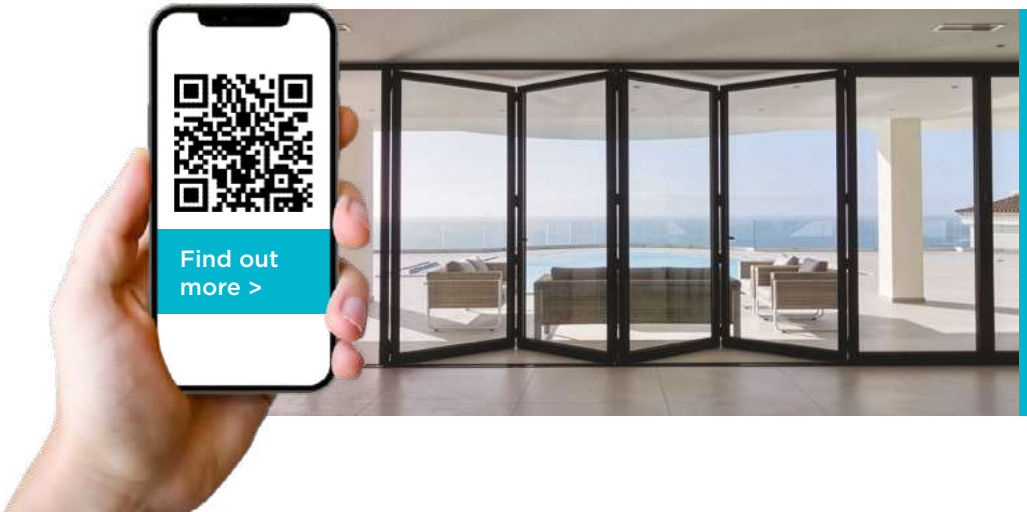

Astragal bars offer a stylish and cost-effective option to creating industrial-style bifolds, French doors, single doors and bifolding windows.
To create this stunning door design, bars are added both within and at the top of the glass for an heritage look.

OPEN UP YOUR SPACE WITH Aluminium Bifold Doors

Our sleek and modern Aluminium Bifold Doors are handcrafted to our customers' specifications of market-leading sizes up to 1200mm wide and 3000mm high per sash. Paired with carefully selected hardware components, they're designed to reach the highest standards of security and efficiency for your home.

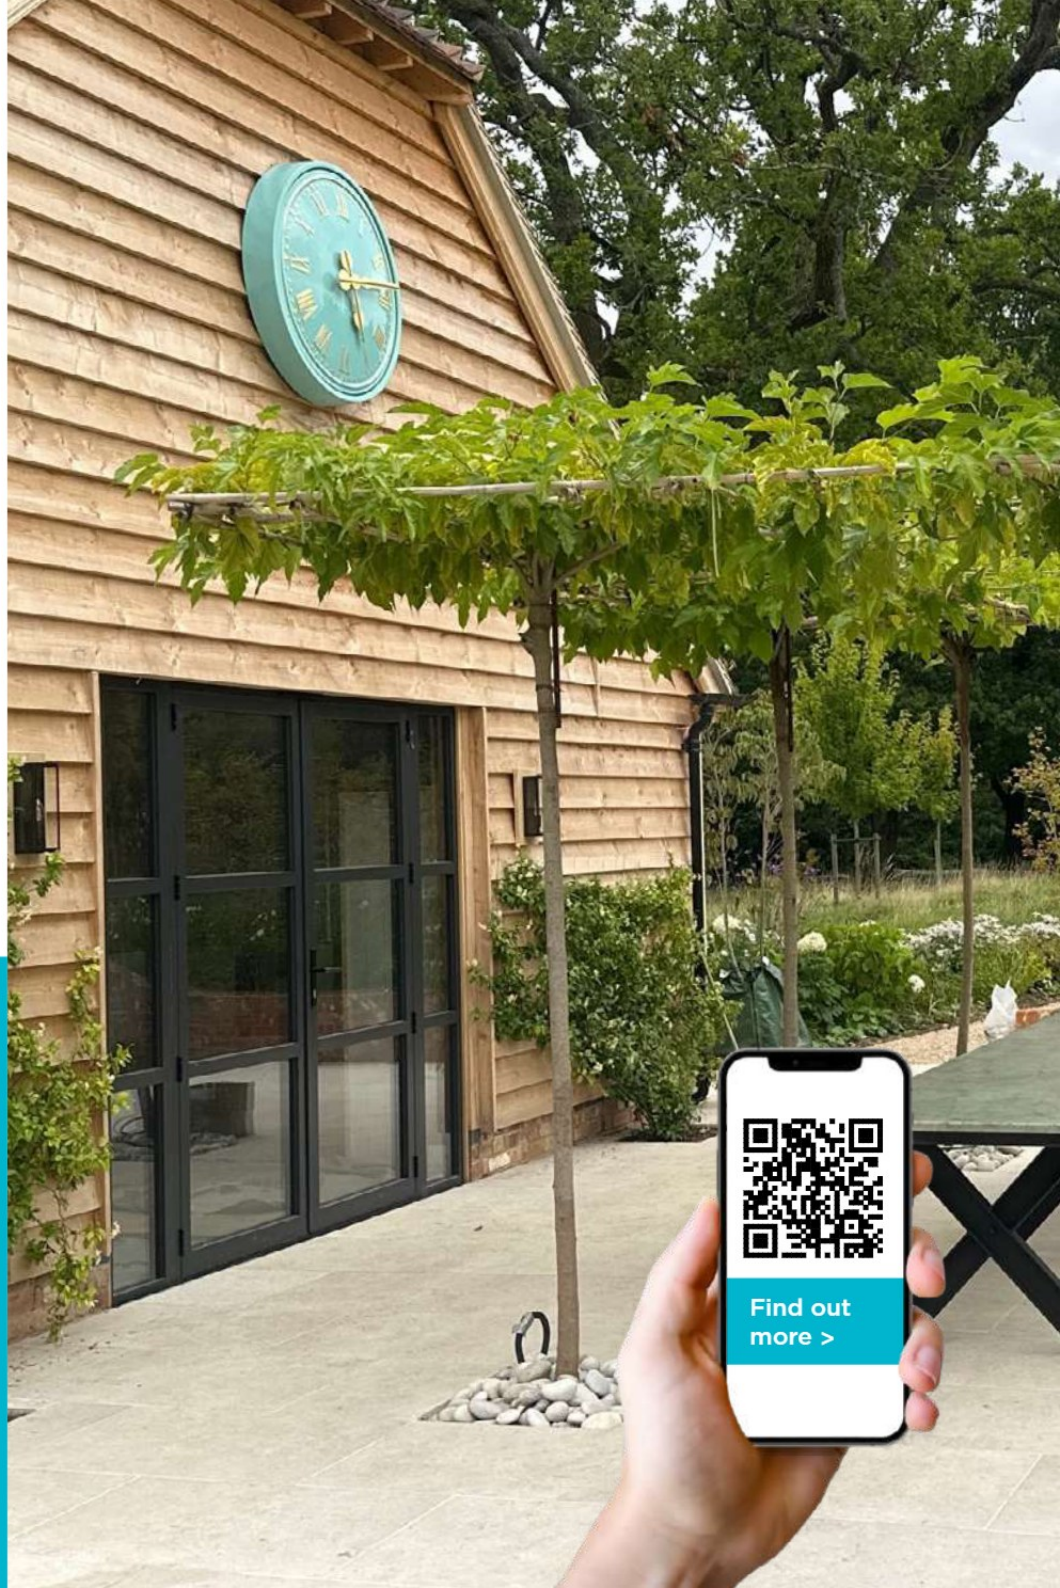

- Super slim sightlines as low as 100mm for maximum views
- 10 year warranty on factory powder coating & 12 months on hardware
- Excellent energy efficiency with U-values as low as 1.1 W/m^{2}K
- Compliant to PAS24 standards
- Bottom hung for smooth operation
- Floating corner post option available
- Pre-gasketed clip in bead for faster fitting

ENHANCE THE LOOK OF YOUR HOME WITH

Aluminium French Doors

The modern design and slim sightlines of our Aluminium French Doors allow you to open one door and leave one fixed for easy access, or open both to let the outside in. Utilising the same advanced profile as our Aluminium Bifolds, French Doors from SOVU can be made to measure, with sash sizes up to 1200mm wide and 3000mm high.

- Thermally-broken 73mm aluminium profile for maximum performance
- 5 elegant standard colours including dual colours and bespoke RAL colours available
- Selection of different thresholds to choose from
- Improved energy efficiency with U-values as low as 1.1 W/m²K
- Multi-point locking with ABS 3-star locks
- Range of different handle colours & options
- Options of integral blinds, astragal bars, transoms & more

THE MOST UP-TO-DATE **Aluminium Window** ON THE MARKET

Our thermally-broken, super-slim Aluminium Casement Windows have been designed for the aesthetics and insulation requirements of today's residential properties.

All our Aluminium Windows can be made to almost any size, with multiple styles available, using the most up-to-date window system on the market.

- Super-slim contemporary look
- Multi-point locking for maximum security
- Marine grade powder coating as standard
- Endless configuration options achieveable
- U-values as low as 1.0 W/m^{2}K
- 5 standard frame colours, including dual colours and bespoke RAL colours available
- Range of different handle colours and options
- Available in both double and triple glazed options
- PAS24 compliant & 10 year hardware warranty as standard

GLIDE INTO ELEGANCE WITH **Aluminium Sliding Patio Doors**

Our market-leading Sliding Patio Doors have impressive maximum sash sizes of 2200mm x 3000mm per door leaf.

Available in either double or triple track options, depending on configuration and opening style.

Along with the 5 standard colour options (including dual colour and bespoke RAL colours), you are sure to find the perfect fit.

- Super slim 35mm interlock for uninterrupted views
- Excellent thermal efficiency with U-values as low as 1.1 W/m²K
- Multi-point locking for maximum security
- Multiple configuration options
- Now also available as aluminium sliding windows!

MORE LIGHT.
MORE STYLE.

Aluminium Glass Doors

Our glazed doors bring natural light to your entrance while adding a stylish, contemporary finish to your home. Made using premium Cortizo aluminium profiles, they offer exceptional strength, durability and thermal performance.

With a wide choice of colours, decorative glass and additional features, our doors can be customised to complement almost any style of home.

- Engineering grade hardware
- Decorative glazing options available
- Installer-friendly
- Compliant to PAS 24 standards
- Multi-point locking
- U-values of just 1.2 W/m^{2}K when combined with highly energy efficient glass

MAXIMISE NATURAL LIGHT AND IMPROVE LAYOUT EFFICIENCY.

Internal Glass Screen and Door

Internal glass partitions and doors are a modern, versatile solution for transforming interior spaces.

Ideal for offices, commercial settings, or contemporary homes, they create defined areas while maintaining a sleek, contemporary feel. Both partitions and doors allow natural light to flow freely, helping spaces feel more open, brighter, and more connected.

- Frosted or clear glass options
- Single glazed
- Available in a range of sizes
- Designed to surpass UK standards
- Wide variety of colour options available
- Installer-friendly
- Manufactured in the UK
- Available as a fixed frame and/or internal door

HIGH-END, HIGH PERFORMING **Roof Lanterns**

This slim and elegant glass Roof Lantern makes an architectural statement, flooding interior spaces with natural daylight. Designed for quick and easy installation, it makes a stunning addition to living and working spaces.

Its precision engineered design keeps sightlines slim to maximise the sky view. Available in 9 standard sizes with special glass options and made-to-measure sizing on request.

- 9 standard sizes - 1500mm x 1000mm to 3000mm x 2000mm
- Various glazing options available
- Contemporary 4 pane, or traditional 6 pane design option
- Powder coated RAL 7016 grey externally and either RAL 9016 white internally or RAL 7016 grey. RAL 9005 black with dual colour options available
- Quick fit in under 60 minutes!

NATURAL LIGHT,
MODERN DESIGN.

Aluminium Flat Rooflights

Enhance your living space with our state-of-the-art Sovu aluminum flat rooflights, offering an optimal solution for enhancing natural light in both living spaces and extensions. Crafted to deliver a sophisticated and contemporary touch, our roof lights not only provide aesthetic appeal but also seamlessly blend into any architectural style with their flush and sleek design.

- Range of special glass options
- Available in a range of standard sizes
- Designed to surpass UK standards for energy efficiency, safety, and technical performance

SLEEK DESIGN.
OUTSTANDING
EFFICIENCY.

Frameless Rooflights

Engineered for a sleek, architectural finish, our frameless rooflights sit flush within the roofline, delivering a clean, contemporary aesthetic that complements both modern and traditional extensions. Performance matches the design, with outstanding thermal efficiency achieving a U-value of 1.0W/(m²K) as standard.

- Range of glass options
- Designed to surpass UK standards for energy efficiency, safety, and technical performance
- Installer-friendly

Kerb

Available as an optional extra with our roof products, the kerb removes one of the most difficult details from site by providing a ready-made insulated support upstand.

IMPROVES THERMAL CONTINUITY
Reduces cold bridging at the upstand.

CONSISTENT QUALITY
Factory manufactured for reliable, repeatable performance.

FASTER INSTALLATION
Lightweight, pre-built solution saves time on site.

HIGHLY EFFICIENT

uPVC Casement Windows

All of our standard uPVC Windows are crafted using a sculptured profile for maximum strength and quality.

Endless **Possibilities**

A World of Colours

uPVC

Not just available in standard white, the uPVC range can be personalised to suit the style of your home - as well as its colour scheme. Bespoke colours also available upon request.

Aluminium

Our quality aluminium range is available in a range of standard colours, plus any bespoke RAL.

Composite

Composite doors are available in a wide range of colours, in any combination inside and out, with a unique woodgrain effect.

Glass Options

Our glass ranges combine performance, security and style, with options to suit every home. From clear and decorative finishes to acoustic and solar control glazing, there's a solution for every need.

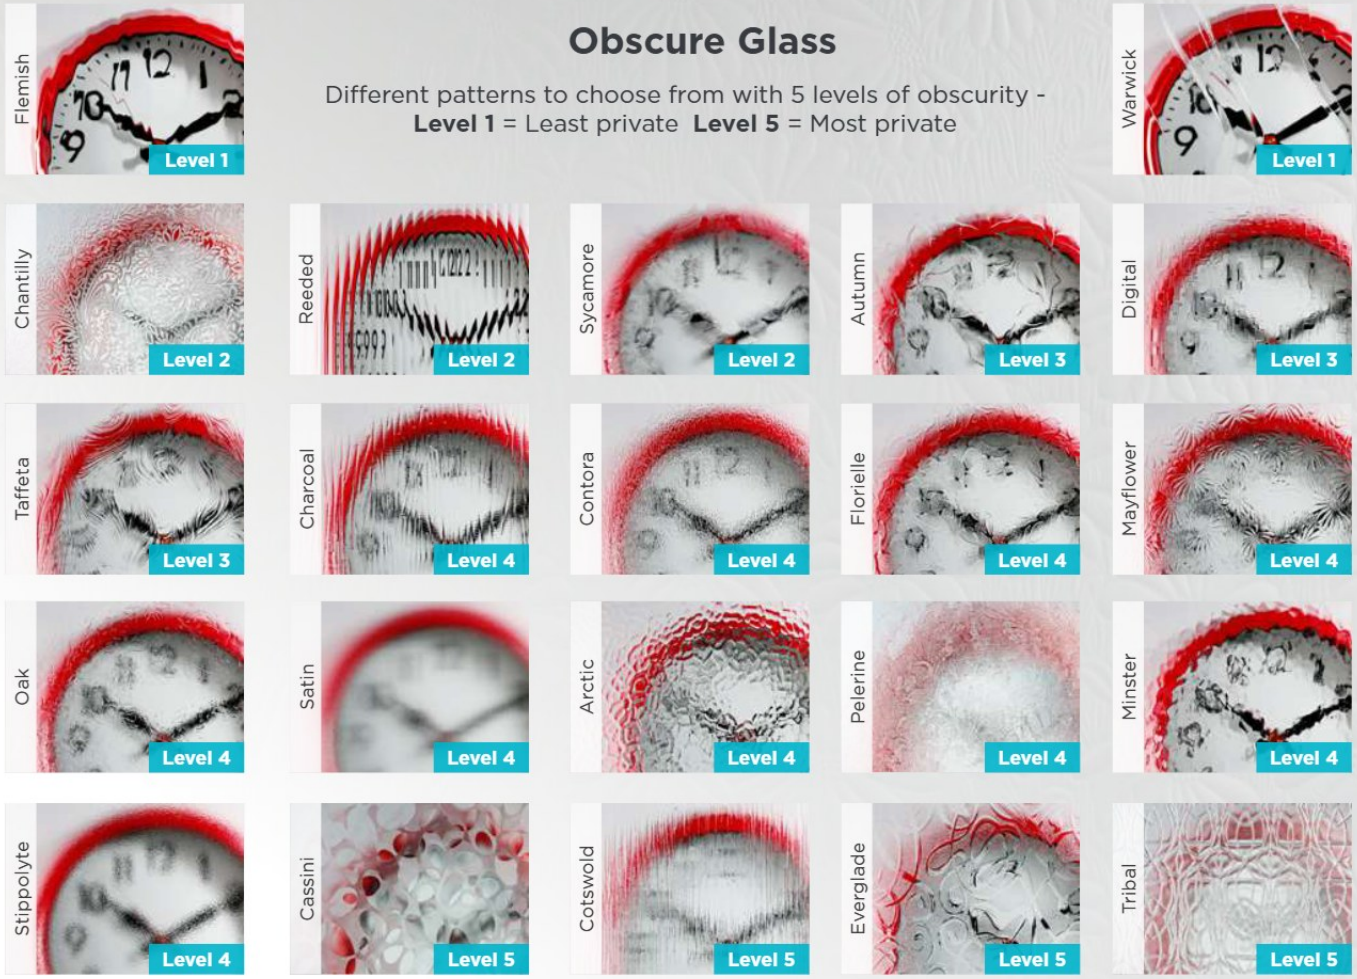

Designed for quality and durability, our glazing options help improve energy efficiency, enhance privacy and bring natural style to your home.

Glass Features Include:

- **Noise Reduction:** Helps reduce external noise for a quieter, more peaceful home.
- **Energy Efficiency:** Reduce heat loss and solar gain for year-round comfort.
- **Furniture Protection:** Filters harmful UV rays to help prevent fading of furniture, flooring and fabrics.
- **Safety & Security:** Impact-resistant glazing designed to enhance safety and help deter unwanted access.

Obscure Glass

Different patterns to choose from with 5 levels of obscurity -
Level 1 = Least private **Level 5** = Most private
